

PRESS RELEASE

Verona, 27th March 2007

CAD IT: THE BOARD OF DIRECTORS APPROVES THE 2006 BALANCE AND THE PROPOSAL FOR AN ORDINARY DIVIDEND OF €0.29 PER SHARE

The CAD IT Group closed 2006 with Production Revenues of Euro 52.2 million, a 4% growth compared to the previous year (€50.1 million)

Compared to the previous year all income margins show an increase:

- EBITDA equal to Euro 9 million, a 29% increase;
- EBIT equal to Euro 7.4 million, a 34% increase;
- Net profit equal to Euro 3 million, a 95% increase.

The Net Consolidated Financial Position is in credit by Euro 8.1 million.

At the shareholders meeting a proposal for a payment of an ordinary dividend of €0.29 per share will be made, an increase of 61% compared to the €0.18 per share given in 2005.

The Board of Directors of CAD IT S.p.A., leader in the Italian financial software market, and quoted on the Italian stock exchange "STAR" has today approved the Draft of the Balance and the Consolidated Balance for 2006.

Based on the results of the 2006 financial year, the Board of Directors has decided to propose the distribution of an ordinary dividend of €0.29 per share. The dates for dividends and dividends payment will be the 14th and 17th May 2007.

The Consolidated Balance at 31st December 2006 shows:

- ➤ **Production Revenues** of Euro 52.2 million, an increase of 4% compared to the Euro 50.1 million registered in 2005; production revenues showed a €4.4 million increase in intangible assets due to internal work.
- ➤ Gross Operational Result (EBITDA) of Euro 9 million (17.3% of Production Revenues) showing an increase of 29% compared to the Euro 7 million in 2005 (14% of Production Revenues);
- ➤ Operational Result (EBIT) of Euro 7.4 million (14.1 7% of Production Revenues) showing a 34% increase compared to the Euro 5.5 million in 2005 (11% of Production Revenues);
- ➤ Pre-tax profit stands at Euro 7.6 million, a 37.3 % increase compared to the Euro 5.5 million of the previous financial year. In the approval phase of the final quarterly report, the 2006 pre-tax profit was Euro 7.3 million. The approved figures vary from those in the actual quarterly report of 13/02/2006 due to a different calculation of the fair value of shares accounted as "available for sale". The Board of Directors, given the extremely positive progress of the share during the first few months of 2007, maintains that the negative variation in the shared company's fair value at 31/12/2006, registered in the assets available for sale, is not a reduction to be included in the profit and loss account and the value variation has therefore been directly registered in the net patrimony reserve;

➤ **Net Profit** of Euro 3 million, equal to 5.7% of Production Revenues, an increase of 95% compared to the Euro 1.5 million on the previous financial year.

Furthermore, CAD IT also reports that the **Net Consolidated Financial Position** at 31st December 2006 was positive, standing at Euro 8.1 million and in line with the Euro 8.3 million of the previous financial year, despite dividend payments of Euro 1.6 million relating to the 2005 financial period.

The CAD IT S.p.A. Board of Directors will summon a first Ordinary Shareholders' Meeting to be held at the company offices in Verona on **30**th **April 2007** with a second summoning on 8th May 2007 to approve the balance budget.

THE CAD IT GROUP

CAD IT is at the head of a group that represents one of the most dynamic organisations in the Italian Information Technology sector.

The group aims its operations at the banking-insurance sector, the business world and public administration, and has been offering software solutions, maintenance, customizing, integration and other correlated services, from application management to outsourcing and consulting to training for over 30 years.

The CAD IT Group, with head offices in Verona, operates in Italy through its own branches and associated companies in Milan, Rome, Florence, Bologna, Padua, Mantua and Trento.

CAD IT is a leader in the Italian software market for the banking sector with its main product, Financial Area, a programme which completely manages all functions connected with the negotiation, settlement and administration of security transactions, debentures, derivates (in any currency) and adopted by the majority of Italian banking outlets.

In addition, the Group boasts a long-standing activity in the industrial sector and the capacity to offer solutions for e-business, credit and industrial companies in constant evolution.

Solutions for Public Administration is the most recent sector but one which capitalises the Group's traditional skills, such as its twenty-year experience in the development of systems for the computerisation of public bodies.
