The Board of Directors of CAD IT S.p.A. (www.cadit.it), leader in the Italian financial software market and quoted in STAR, today approved the 2009 Draft Financial Statements and the Consolidated Financial Statements as at 31st December 2009.

The Consolidated Financial Statements at 31st December 2009 shows:

- **Value of Production** of Euro 54.3 million compared to Euro 59.8 million in 2008; internal work capitalised under fixed asset stood at Euro 4.2 million compared to Euro 2.6 million in 2008;
- **Gross Operational Result (EBITDA)** of Euro 7.3 million (13.4% of the Value of Production) compared to Euro 12.7 million in 2008 (equal to 21.2% of the Value of Production).
- **Operational Result (EBIT)** of Euro 3.5 million (6.5% of the Value of Production), compared to Euro 9.2 million in 2008 (equal to 15.4% of the Value of Production). The intangible fixed asset amortization went from Euro 2.6 million in 2008 to Euro 2.8 million in 2009;
- **Group pre-tax profit** stood at Euro 3.8 million (7% of the Value of Production) compared to Euro 9.4 million in the previous financial period (15.8% of the Value of Production);
- **Net profit** of Euro 2 million, equal to 3.7% of the Value of Production compared to Euro 4.9 million in the previous year (8.1% of the Value of Production).

The **Parent Company CAD IT S.p.A.** recorded a Value of Production of Euro 50.5 million compared to Euro 50.9 million in the previous financial period with a net profit of Euro 2.4 million compared to Euro 4.6 million at 31st December 2008.

CAD IT hereby reports that the **Consolidated Net Financial Position** at 31st December 2009 was **in credit** at Euro 5.1 million compared to Euro 7 million in the previous year after a payment of Euro 4.5 million for dividends during 2009.

On the basis of the 2009 results, the Board of Directors has decided to propose the **distribution of an ordinary dividend of Euro 0.25 per share** at the Shareholders' Meeting. The dates that the CAD IT Board of Directors will suggest at the Shareholders' Meeting for coupon release and ordinary dividend payment are 10th May 2010 and 13th May 2010 respectively.

The **pay out** stood at 94.3% compared to the consolidated net profit of the Parent Company CAD IT and equals Euro 2.2 million.

* * *

The manager responsible for preparing the company's financial reports, Maria Rosa Mazzi, declares, pursuant to paragraph 2 of Article 154-bis of the Consolidated Law on Finance, that the accounting information contained in this press release corresponds to the document results, books and accounting records.

* * *

CAD IT also reports, in accordance with art. 89 bis of the Issuer Regulations, to have approved the annual **Corporate Governance report** which will be published on the company's internet site and made available at its head offices.

THE CAD IT GROUP

CAD IT is at the head of a group that represents one of the most dynamic organisations in the Italian Information Technology sector.

The group aims its operations at the banking-insurance sector, the business world and public administration, and has been offering software solutions, maintenance, customizing, integration and other correlated services, from application management to outsourcing and consulting to training for over 30 years.

The CAD IT Group, with head offices in Verona, operates in Italy through its own branches and associated companies in Milan, Rome, Prato, Bologna, Padua, Mantua and Trento.

CAD IT is leader in the Italian software market for the banking sector with its main product, Financial Area, a programme which completely manages all functions connected to the negotiation, settlement and administration of security transactions, debentures, derivatives (in any currency) and adopted by the majority of Italian banking outlets.

In addition, the Group boasts a long-standing activity in the industrial sector and the capacity to offer solutions for e-business, credit and industrial companies in constant evolution.

Solutions for Public Administration is the most recent sector but one which capitalises the Group's traditional skills, such as its twenty-year experience in the development of systems for the computerisation of public bodies.
